

## Chapter 19 Presentations

Due to the craziness of this week, instead of a quiz, we will do group presentations. In chapter 19, there are three major sections. First, decide which section you want to be a part of:

<b>Section</b>	<b>Reversal of Fortune: China's Century of Crisis</b>  <b>(4 students)</b>	<b>The Ottoman Empire and the West in the Nineteenth Century</b>  <b>(4 students)</b>	<b>The Japanese Difference: The Rise of a New East Asian Power</b>  <b>(5 students)</b>
<b>Group Mate Names</b>			

### The Presentation:

For each section, your group must make a 10-15 minute presentation starting on the second half of class on Thursday and into Friday. Presentations will be graded on:

- Clear and practiced vocal explanation of the history and section
- Clearly defined places, times, and names
- Every person must have a significant speaking role

### The Work:

Along with this, you will also need to provide the class with the following PRINTED items **PRIOR** to your presentation:

- A 1-paragraph summary of each subsection (in your own words)
  - o This means I should see ONE document with 4-5 paragraphs
- 1-2 visuals related to the sections with titles and description
- A list of need-to-know vocabulary for this section and their definitions in context to the history
- 15 copies of all documents need to be made
