Industrial Revolutions Project – Product

My Industrial Revolution Invention	
---	--

Directions: Choose one of the options below to complete the Industrial Revolutions Project.

<u>Option 1:</u> Create an advertisement for your invention as it would appear in print (ex. a magazine) at the time of its creation
<u>Option 2:</u> Write an investigative newspaper article announcing a new invention (your invention) that will be unveiled
<u>Option 3:</u> Create a technical manual that explains how it is used and operated with an introduction from the inventor

Each topic should include:

Who invented it?

When was it invented?

Where it was invented?

What impact this invention has on history?

Picture of invention

Ideas (Brainstorm your idea in the box below or use the back of this paper. Draw a draft of what your final product should look like.)

--

Final Notes:

- The assignment needs to be completed on **at least one** sheet of A4 paper
- Use the information you have researched to complete this project
- If you need to do additional research, do so
- Your invention will be posted on the wall so make it interesting to view
