## **AP World History Historical Music Gallery**

**Description:** I want you to research either a song from TimeOut London’s “Top 100 Songs That Changed History” or choose from the list below. Please choose a song you have never heard and something different from someone else. Find basic information about the song, but also find out the connection that it has to history or historical events.

For each song, find the following:

- Year Composed
- Song and/or Artist picture
- Historical Connection
- Related Images
- Link to the music (Youtube or on your Music app)

In a 3-5 minute PowerPoint, provide the details about the song in about 3-5 slides. Include basic information about the song, a brief description of the connection to the history, and pictures.

Tomorrow: Bring your headphones and laptops. We will have a gallery listen.

### **More Song Examples:**

1. Ue O Muite Aruko – Kyu Sakamoto
2. Nuit et Brouillard – Jean Ferrat
